

Basic Income - art calendar 2020: Gerhard HADERER

[UBIE](#), as a supporting organisation, will promote this project beyond the German speaking regions of the EU. Therefore we are providing the following summary in English:

In mid-2020 the European citizen initiative „START Unconditional Basic Income“ will be initiated throughout the European Union by UBIE. A part of the public relations and marketing activities will be supported by this crowdfunding project.

Gerhard Haderer, an awarded and internationally well known Austrian cartoonist, has donated 12 cartoons: In favour for the basic income movement we are presenting them in an huge art calendar in A2! We are happy to give you as a supporter of our initiative one of these masterpieces.

For your donations you therefore will get valuable pieces of art created by this the Austrian cartoonist:

50,- €: 1 cartoon (approx. 40x60 cm) by G. Haderer

120,- €: 1 calendar with 12 cartoons (approx. 40x60 cm) by G. Haderer

600,- €: 5 calendars signed by G. Haderer

This project was organized to raise the funds necessary for preparation and coordination of the next art calendar project in 2021 in order to cover upcoming PR- and financing activities of the ECI campaign.

** The aim of this “European petition” is to get one million signatures from all over Europe. We want to prove to the EU parliament in brussels that the idea of universal basic income is of major interest for people all over.
